The Division of Wildlife is funded by annual hunting, trapping, and fishing license sales. It is the authority on Ohio's fish and wildlife resources, and uses no state or federal taxpayer dollars to fulfill its mission. Additional funds come in the form of federal aid reimbursement from an excise tax on hunting and fishing equipment.

Money generated allows the Division of Wildlife to promote the conservation efforts of game and non-game animals. Examples of these efforts include endangered and threatened species restoration, fish hatcheries, hunter and angler education, and law enforcement.

CONTROLLED DEER HUNTS

The Division of Wildlife conducts annual controlled hunts on a number of managed areas that are not normally open to hunting. The dates and locations of these hunts vary from year to year. For more specific information about controlled hunts, visit wildohio.gov or call 1-800-WILDLIFE (1-800-945-3543).

Participation is determined by computer-generated random drawings. The application period is June 1 through July 31 annually. Hunters may apply at wildohio.gov, or by calling 1-866-703-1928 with a convenience fee.

Other controlled deer hunts are held at various locations around Ohio, including specific state parks and metro parks. The Division of Wildlife is not involved in the management or administration of these hunts. Deer management permits may be used in these controlled hunts throughout the season if they meet requirements set by the Division of Wildlife and the entity holding the hunt has received authorization from the chief of the Division of Wildlife. It is the hunter's responsibility to check with the agency holding the hunt to see if it qualifies.

The Division of Wildlife conducts several controlled deer hunts for young hunters. See pages 26-27 for more details and other youth hunting opportunities.

16. Receive or possess a deer or parts of a deer unless such deer or deer part is tagged as required, or unless the deer or part of a deer has a statement showing when and where legally taken, the date received, and from whom received; or a Division of Wildlife tag, seal, or certificate or other proof of ownership which shows the deer was killed by a motor vehicle in Ohio; or an official tag or seal and valid nonresident license issued by another state if taken from outside Ohio; or certificate of ownership or receipt issued by a law enforcement officer. Shed antlers do not require a certificate of ownership or receipt by a wildlife officer.

CHRONIC WASTING DISEASE KNOW THE FACTS

Chronic Wasting Disease (CWD) is a fatal neurological disease of white-tailed deer. There is no strong evidence that CWD is transmissible to humans. CWD has been detected at captive deer breeding facilities in Ohio, but not in the wild deer population. The Division of Wildlife has increased disease surveillance and created additional regulations for hunters in Holmes and Tuscarawas counties to protect Ohio's wild deer herd.

PRECAUTIONS FOR HUNTERS

A deer infected with CWD typically does not immediately show signs of the disease. As the disease progresses, the animal begins to lose body condition and stagger, carry its head and ears lowered, drool excessively, and show little fear of humans. A deer with late-stage CWD often appears emaciated or has extreme weight loss.

- Wear rubber gloves when field-dressing and thoroughly wash your hands and instruments after field-dressing and butchering.
- Bone out the meat from your animal and minimize the handling of brain and spinal tissues.
- Do not eat the brain, spinal cord, eyes, spleen, tonsils, and lymph nodes.
- Do not consume meat from any animal that tests positive for CWD.
- Hunters may have a harvested deer tested at the Ohio Department of Agriculture's Animal Disease Diagnostic Laboratory for a small fee. Call (614) 728-6220 for more information.

PROTECT OHIO'S DEER HERD

- Properly dispose of a deer carcass. Be sure to double-bag all high-risk parts (brain, spinal cord, eyes, and lymphoid tissues) and dispose of them with your household trash.
- Be aware of carcass import laws. It is illegal to bring high-risk carcass parts into Ohio from anywhere outside the state.
- Contact a Division of Wildlife district office or state wildlife officer if you see a deer that appears sick, is acting abnormally, or has a visible ear tag.
- The Division of Wildlife has a Disease Surveillance Area, DSA 2018-01, which includes the townships of Berlin, Clark,

Paint, Salt Creek, and Walnut Creek in Holmes County, as well as Sugar Creek and Wayne townships in Tuscarawas County. Mandatory testing of hunter-harvested wild deer within DSA 2018-01 has been established.

DSA RULES INCLUDE:

- Successful hunters who harvest a deer within the DSA must bring it to a Division of Wildlife inspection station during the seven-day gun season (Dec 2-8, 2019).
- The placement of or use of bait (salt, minerals, or any food) to attract or feed deer within the DSA boundaries is prohibited, as is the hunting of deer by the aid of bait.
- Deer killed by a motor vehicle within the DSA are permitted to leave the DSA.
- Normal agricultural activities, including feeding of domestic animals, as well as hunting deer over food plots, naturally occurring or cultivated plants, and agricultural crops are not prohibited in the DSA.

MANDATORY SAMPLING FOR DEER HARVESTED WITHIN THE DSA, DECEMBER 2 - 8

- Inspection station hours:
 - 10 a.m. to 8 p.m. from Monday, Dec. 2 to Sunday, Dec. 8.
 - 8 a.m. to noon on Monday, Dec. 9.
- Successful hunters must bring a deer (only the head is necessary) no later than noon the day after harvest to an inspection station. Bring the game check confirmation code.
- Inspection stations are located at:
 - Sugarcreek Village Hall (Tuscarawas County), 410 South Broadway Street, Sugarcreek, OH 44681.
 - Walnut Creek Township Garage (Holmes County), 2490 Township Road 414, Dundee, OH 44624.
 - Berlin Township Garage (Holmes County), 5253 Township Road 359, Millersburg, OH 44654. The Berlin Township Garage will serve only as a head drop off location. Deer heads need removed prior to arrival and placed in the container provided. Deer heads may be caped and skull capped.

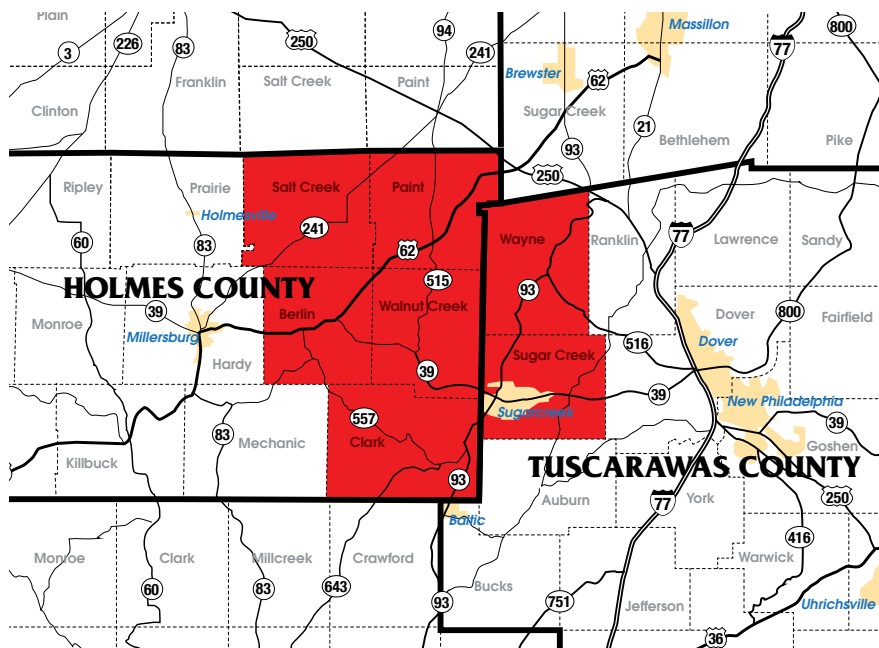

VOLUNTARY CWD SAMPLING

The Division of Wildlife is offering CWD testing for deer harvested within DSA 2018-01 outside of the seven-day deer gun season.

- Heads may be dropped off at the Killbuck Marsh Wildlife Area Headquarters, 1691 Centerville Road, Shreve, OH 44676, from 8 a.m. to 5 p.m.
- Heads should be placed in provided containers with all required information, including the game check confirmation code.
- Deer heads must be detached from the body prior to arrival at the headquarters. Deer heads may be caped and skull capped.

CWD has been detected in free-ranging deer in Michigan near the Ohio border. The Division of Wildlife has increased testing in Williams, Fulton, and Lucas counties in response.

- Hunters who harvest a deer in Williams, Fulton, or Lucas counties may submit the deer head for testing at a self-serve kiosk. Kiosk locations and instructions are available at wildohio.gov/CWD. Kiosks are available from Oct. 20, 2019 to Jan. 12, 2020. Participation is voluntary and free.

GAME CHECK

All hunters who harvest a white-tailed deer or wild turkey are required to complete the game check process.

For deer, the hunter must complete the game check process and receive a confirmation code by noon the day after the kill. If the deer is killed on the last day of a season, it must be checked in by 11:30 p.m. on the day of the kill. For wild turkey, the hunter must complete the game check process and receive a confirmation code by 11:30 p.m. on the same day it was killed.

A hunter may immediately complete the game check process prior to moving the game. The game must be tagged once the hunter leaves the animal unattended or arrives at a residence or temporary lodging.

FILL IN THE PERMIT OR TAG

- Fill in the deer or wild turkey permit upon harvest with the date, time, and county of kill. The permit may remain unattached until the hunter arrives at a residence or temporary lodging.
- Exempt landowners are required to make a tag and include their name, date, time, and county of kill. The tag may remain unattached until the hunter arrives at a residence or temporary lodging.

CONTROLLED HUNT AT
KILLDEER PLAINS WILDLIFE AREA

COMPLETE GAME CHECK

Hunters may check game and receive a confirmation code in one of these ways:

- Call 1-877-TAG-IT-OH (1-877-824-4864).

- Visit any authorized license sales agent. A list of sales agents may be found at wildohio.gov. Hunters do not need to take their deer or turkey to the agent for the game check. Be sure to bring the permit number to the license agent. Authorized license sales agents will be available for game check during normal business hours.

Regardless of game check method, the hunter must provide the 10-digit permit number, which is printed in large numbers on every permit. Exempt landowners do not need to provide a permit number.

The hunter must answer a series of questions. The hunter will be issued a confirmation code at the end of the process.

The confirmation code may be written on the corresponding permit or tag and attached to the game. When a hunter checks a deer or wild turkey by internet or agent, they will receive a game check receipt with their confirmation code printed on it. Hunters using the telephone game check method will receive the confirmation code over the phone.

The confirmation code must remain attached to the game and its parts. The code may be written on the back or bottom of a mount.

A game check receipt may be printed by accessing Ohio's Wildlife Licensing System at ohiogamecheck.com after the game check process is complete.

The game check process must be completed prior to butchering or processing the carcass. This does not include field dressing.

DOVE HUNTING

Hours for dove are sunrise to sunset, except for those wildlife areas which have been posted with special regulations. **New this year, hours for dove hunting on Big Island, Deer Creek, Delaware, Kokosing, Mackey Ford, Trump, WPA 65-9, and Indian Lake State Park are noon to sunset from Sept. 1-10, 2019.** Doves may be hunted with lead shot. Dove field maps are available at wildohio.gov.

Doves may be hunted on areas that have been manipulated (for example, mowed or bush-hogged) for wildlife management purposes, in addition to areas that have been planted or harvested in a normal agricultural manner. Neither waterfowl nor doves may be hunted on areas where grain or other feed has been distributed once it has been removed from or stored on the field where grown. Contact a Division of Wildlife district office or a state wildlife officer for clarification on baiting regulations before you hunt.

Harvest Information Program (HIP) certification is required to dove hunt. To complete the HIP certification requirement, call 1-877-HIP-OHIO (1-877-447-6446) or go to wildohio.gov and answer the survey questions. After the survey you will be given a certification number. CONTROLLED DOVE HUNTING OPPORTUNITIES

The Division of Wildlife conducts controlled dove hunts on many public hunting areas. These controlled dove hunts are designed to provide access and opportunity on a limited basis. Contact the nearest district office for hunting dates and locations. Contact information is listed on page 2 of this booklet.

The application period is June 1 through July 31, annually, for some hunts. Go to wildohio.gov for more information.

TAGGING REQUIREMENT

No person shall put or leave any migratory game birds at any place (other than at his personal abode), or in the custody of another person for picking, cleaning, processing, shipping, transportation, or storage (including temporary storage), or for the purpose of having taxidermy services performed, unless such birds have a tag attached, signed by the hunter, stating his address, the total number and species of birds, and the date such birds were killed. Migratory game birds being transported in any vehicle as the personal baggage of the possessor shall not be considered as being in storage or temporary storage.

6. With any device that emits recorded or electrically amplified bird calls or sounds,

or recorded or electrically amplified imitations of bird calls or sounds. It is illegal to possess such devices while hunting waterfowl in Ohio;

7. By means or aid of any motor driven land, water, or air conveyance, or any sailboat used for the purpose of or resulting in the concentrating, driving, rallying, or stirring up of any migratory bird;

ADDITIONAL REGULATIONS

It is legal to take migratory game birds including waterfowl and coots on or over the following lands or areas that are not otherwise baited areas:

- Standing crops or flooded standing crops (including aquatics);
- Standing, flooded, or manipulated natural vegetation; flooded harvested croplands; or lands or areas where seeds or grains have been scattered solely as the result of a normal agricultural planting, harvesting, post-harvest manipulation, or normal soil stabilization practice;
- From a blind or other place of concealment camouflaged with natural vegetation;
- From a blind or other place of concealment camouflaged with vegetation from agricultural crops, as long as such camouflaging does not result in the exposing, depositing, distributing, or scattering of grain or other feed; or
- Standing or flooded standing agricultural crops where grain is inadvertently scattered solely as a result of a hunter entering or exiting a hunting area, placing decoys, or retrieving downed birds.

It is legal to take migratory game birds, except waterfowl and coots, on or over lands or areas that are not otherwise baited areas, and where grain or other feed has been distributed or scattered solely as the result of manipulation of an agricultural crop or other feed on the land where grown, or solely as the result of a normal agricultural operation.

BAITING - means the direct or indirect placing, exposing, depositing, distributing, or scattering of salt, grain, or other feed that could serve as a lure or attraction for migratory game birds to, on, or over any areas where hunters are attempting to take them.

BAITED AREA - means any area on which salt, grain, or other feed has been placed, exposed, deposited, distributed, or scattered, if that salt, grain, or other feed could serve as a lure or attraction for migratory game birds to, on, or over areas where hunters are attempting to take them. Any such area will remain a baited area for 10 days following the complete removal of all such salt, grain, or other feed.

AGGREGATED DAILY BAG LIMIT - means the maximum number of migratory game birds permitted to be taken by one person in any one day during the open season when such person hunts in more than one specified geographic area and/or for more than one species for which a combined daily bag limit is prescribed. DAILY BAG LIMIT - means the maximum number of migratory game birds of a single species or combination (aggregate) of species permitted to be taken by one person in any one day during the open season in any one specified geographic area for which a daily bag limit is prescribed.

POSSESSION LIMIT - means the maximum number of migratory game birds of a single species or a combination of species permitted to be possessed by any one person when lawfully taken in the United States in any one specified geographic area for which a possession limit is prescribed.

AGGREGATE POSSESSION LIMIT - means the maximum number of migratory game birds of a single species or combination of species taken in the United States permitted to be possessed by any one person when taking and possession occurs in more than one specified geographic area for which a possession limit is prescribed. The aggregate possession limit is equal to, but shall not exceed, the largest possession limit prescribed for any one of the species or specified geographic areas in which taking and possession occurs.

All youth hunting opportunities are available to anyone who possesses a valid youth hunting license and is 17 years old or younger during the season dates. All young hunters participating in youth hunts, regardless of age, must be accompanied by a nonhunting adult. A nonhunting adult is any person (a hunting license is not required) age 18 or older who accompanies the young hunter to and from the field and is present with the young hunter while the young hunter is engaged in hunting. The nonhunting adult may not possess any hunting implements.

Accompany means to go along with another person while staying within a distance from the person that enables uninterrupted, unaided visual and auditory communications. Young hunters must be accompanied at all times by a nonhunting adult. No more than two youths per adult.

YOUTH SPRING WILD TURKEY HUNTING

Two opportunities exist for young hunters to participate in the spring wild turkey hunting season. A youth wild turkey season will be offered Saturday and Sunday, April 18-19, 2020 prior to the regular wild turkey season. The season is open statewide EXCEPT for Lake La Su An which conducts a controlled youth hunt; contact the District Two (Findlay) office at (419) 424-5000 for details.

Special youth wild turkey hunts will be held at Lake La Su An, Killbuck Marsh, and Mosquito Creek wildlife areas during the regular spring wild turkey season. Any person interested in participating in these hunts should contact the District Two (Findlay) office at (419) 424-5000 for the La Su An hunts; and the District Three (Akron) at (330) 644-2293 for the Killbuck and Mosquito Creek hunts during March 2020. Please note that you must possess a controlled hunting permit acquired during the March drawing to hunt at any of these special youth wild turkey hunts.

When participating in the special youth or regular spring wild turkey season the following requirements must be met:

- Youth hunters may take two bearded turkeys during the youth season (one per day). Checking two wild turkeys fills the youth hunter's bag limit for the remaining 2020 spring wild turkey season.
- All rules and regulations for spring wild turkey season apply during the youth season.
- Hunting hours for youth turkey season are 30 minutes before sunrise to sunset.

YOUTH DEER GUN SEASON

The youth deer gun season is Nov. 23-24, 2019.

- Deer taken by young hunters during the youth deer gun season count toward the county and statewide bag limits.
- All youths and nonhunting adults must wear the required hunter orange clothing.

YOUTH CONTROLLED DEER HUNTS

The Division of Wildlife conducts several controlled deer hunts for young hunters. The dates and locations of the hunts vary from year to year. The application period for these hunts is June 1 through July 31, annually. Hunters may apply online at wildohio.gov or by calling 1-866-703-1928 with a convenience fee.

YOUTH SMALL GAME SEASON

Youth hunters may hunt the following weekends: Oct. 19-20 and Oct. 26-27, 2019, for rabbit, pheasant, and all other legal game which is in season.

- Quail may be taken only in those counties which are open to quail hunting, (see map, page 24).
- Pheasant releases will occur for youth hunts on the following wildlife areas: Berlin, Caesar Creek, Camp Belden, Darke, Delaware, Fallsville, Grand River, Killdeer Plains, Oxbow Lake, Resthaven, Ringneck

Ridge Wildlife Area (by permit only, find additional information at sanduskycountyparks.com), Rush Run, Spencer, Spring Valley, Tiffin River, Tri-Valley, and Charlemont Metro Park (Lorain County). Daily bag limits are the same as during the regular hunting season.

YOUTH WATERFOWL HUNTING

Hunters 17 years old or younger may hunt waterfowl statewide (on public and private lands) on Saturday and Sunday, Oct. 5-6, 2019. All hunters 17 years old and younger must be accompanied by a nonhunting adult 18 years or older (no more than two youths per adult). Ducks, geese, and coots may be taken under bag limits established for the regular season.

Young hunters (17 years old or younger) may apply for controlled youth waterfowl hunts. Go to wildohio.gov or call your nearest district office for youth waterfowl hunting opportunities.

- This application period is June 1 through July 31, annually. Hunters may apply at wildohio.gov, or by calling 1-800-703-1928 with a convenience fee.
- Attend an in-person waterfowl drawing in August, which includes permits for the youth season.

HOW TO MEASURE JAW SPREAD

FIRST-TIME TRAPPERS

All first-time trappers, except apprentice license buyers, must successfully complete a hunter and a trapper education course offered through the Division of Wildlife before purchasing a hunting license and fur taker permit to trap furbearers.

AVOIDANCE TECHNIQUES

Trappers who have reached the river otter bag limit are encouraged to implement river otter avoidance techniques while beaver trapping.

If you catch an otter in excess of your season bag limit and it is still alive, carefully release it without causing injury to yourself or the animal. If the otter is dead, leave it in the trap and contact the wildlife officer assigned to that county.

RIVER OTTER CHECKING AND TAGGING REQUIREMENTS

The pelt of each harvested river otter is required to be checked in and tagged within five business days of take. The pelt may be checked and tagged by a wildlife officer (by appointment), at a designated otter check station (by appointment, consult the river otter trapping regulations pamphlet for locations), or at a district office during business hours (8 a.m. to 5 p.m.). All state offices are closed on holidays.

Each trapper must personally present their own river otter, and may not present a river otter taken by another person. Trappers must also provide a copy of their fur taker permit at the time of checking, and provide information about the date and location in which the river otter was trapped.

BEAVER AND OTTER TRAPPING ON PUBLIC HUNTING AREAS

Beaver and river otter trapping is prohibited on state managed areas, including state wildlife areas, state parks, and state forests without a special beaver and/or river otter trapping permit from the Division of Wildlife.

The Division of Wildlife allows controlled trapping of beaver and river otter on some managed areas. Beaver and river otter trapping permits on managed areas will be issued via an in-person lottery at noon

on Oct. 12, 2019 (the second Saturday in October) at each wildlife district office. Visit wildohio.gov or call your nearest wildlife district office in early October to see which areas will be available for trapping.

Permits will allow for both river otter and beaver trapping in most areas; however, some permits may be limited to beaver trapping only. Snares may be utilized for beaver or river otter on managed areas, but must have a minimum loop diameter of 10 inches and the bottom of the snare must be covered by at least 1 inch of water at all times.

BEAVER AND OTTER TRAPPING ON AEP LANDS

Beaver trapping is permitted within American Electric Power's recreation area, known as ReCreation Land, and Conesville Coal Lands with a special beaver trapping permit and the regular user's permit. This special beaver trapping permit is issued from the AEP Land Management Office in McConnelsville.

RIVER OTTER BAG LIMITS

No more than one river otter may be taken by any trapper in Zone B. No more than three river otters may be taken by any trapper in Zone C. The total season bag limit is three.

HUNTER AND TRAPPER EDUCATION

All first-time hunting license buyers, except apprentice license buyers, must successfully complete a hunter education course before purchasing a hunting license. The hunting course is designed to instill a code of ethics and responsibility, as well as provide instruction on guns and how they work, types of ammunition, gun handling, field care of game, wildlife identification, wildlife management, hunting regulations, and other topics. Statistics show that hunter education has helped reduce the number of hunting related injuries and incidents.

Anyone applying for a hunting license is required to successfully complete a hunter education course. Applicants must do one of the following:

- Present a previously held hunting license.
- Present evidence of having successfully completed a hunter education course (from any state).
- Attest he or she is 21 years of age or older and previously held a legal hunting license (from any state).
- Obtain an apprentice license.

The trapper education course, taken after successful completion of a hunter education course, covers trap set making, trapping equipment, pelt preparation, furbearer life history, identification, and management. These courses provide an opportunity for adults to introduce a young person to hunting and trapping and to share the excitement that goes with it. To obtain a fur taker permit for trapping, applicants must do one of the following:

- Present a previously held trapping license (from any state).
- Attest he or she is 21 years of age or older and has held a previous trapping license (from any state).
- Present evidence of having successfully completed a trapper education course.
- Obtain an apprentice permit.

APPRENTICE LICENSE PROGRAM

Ohio residents and nonresidents may purchase an apprentice hunting license or apprentice fur taker permit without having taken a hunter or fur taker education course.

Apprentice hunting licenses and apprentice fur taker permits allow new hunters and trappers, both adults and youth, to sample the experience of hunting and trapping under the mentorship of a licensed adult prior to completing a hunter or trapper education course.

To hunt or trap, apprentice license and permit holders must be accompanied by a licensed hunter or trapper 21 years old or older. The licensed hunter may not accompany more than two apprentice license holders at the same time.

Accompany means to go along with another person while staying within a distance from the person that enables uninterrupted, unaided visual and auditory communications.

Having previously held an apprentice license does not qualify the holder to purchase a regular hunting license or fur taker permit. To obtain a regular hunting license, a hunter education course must be successfully completed. To obtain a regular fur taker permit, a hunter education course and trapper education course must be successfully completed. Apprentice licenses and fur taker permits are available to both Ohio residents and nonresidents, youth and adults.

INTERSTATE WILDLIFE VIOLATOR COMPACT

Ohio is a member of the agreement between states that if a person loses their hunting, trapping, or fishing privileges in one of those states, they may lose those privileges in all of the member states. If you lose your right to hunt, trap, or fish in Ohio, it is your responsibility to check with any other state before you hunt, trap, or fish there to ensure you have not lost your privileges in that state as well.

OHIO HUNTER EDUCATION

The Division of Wildlife offers three types of hunter certification courses:

- Instructor-led training.
- Home-study courses for Ohio residents.
- Online testing for residents 12 and older.

While hunter education is a vital part of becoming an Ohio hunter, new hunters also have the option of hunting with an apprentice license before taking a hunter education course.

Call **1-800-WILDLIFE** (1-800-945-3543) or visit **wildohio.gov** for information on courses in your area.
